Cassette Box

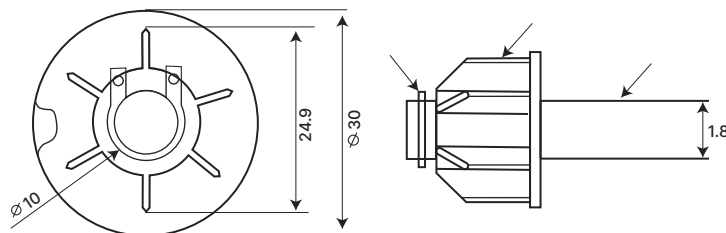

New 389 spring steel bracket

New 389 spring steel bracket makes the installation of cassette box easier and improves system stability

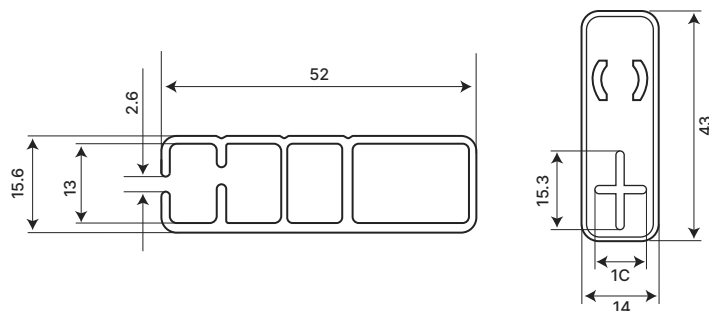

Wire guidance

Wire guidance can be fixed to the ground or wall/frame

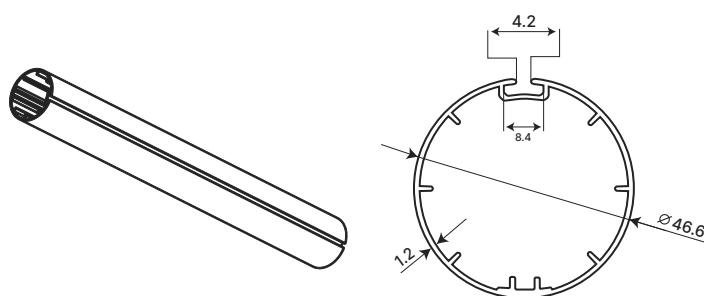

Bottom Rail

Rectangular bottom rail particularly useful for heavy fabrics. Unlike standard bottom rail this can't be concealed with fabric.

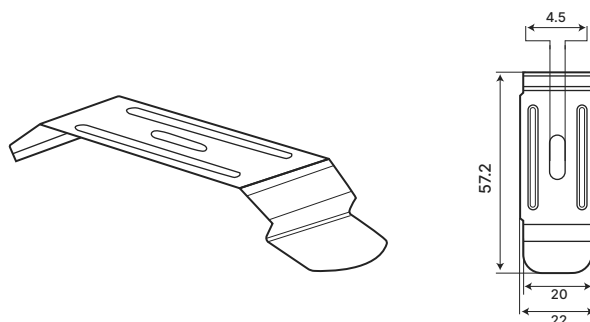

Aluminium Roller Tube 47

Click Steel Bracket

This is an alternative system to side brackets. Allows easier installation, puts less pressure on accurate measurements. And can be installed to both ceiling and wall via brackets
